

INDEX TO VOLUME XV

GENERAL INDEX

A

- Abdominal distension, use of physostigmin in (edit.) 847.
 Abortions and their treatment, S. Kobrinsky 789.
 Abscess, retro-pharyngeal (case report) W. G. Smith 731.
 Acetylene, ethylene, propylene (abs.) 860.
 Acidosis of anaesthesia, immediate cause of the (edit.) 86.
 Aerodynia (abs.) 1165.
 Addison's disease, studies in; the Muirhead treatment (edit.) 410.
 Adrenal medulla and cortex, thermogenesis as the fundamental function of (edit.) 740.
 Air of dwellings, importance of sufficient relative humidity in (edit.) 1255.
 Air-embolism occurring during urethroscopy (abs.) 551.
 Alcohol in medicine and its use as a beverage, resumé of British opinion on the action of (retrosp.) 76.
 " in therapeutics (edit.) 1064.
 Alimentary canal, influence of natural chemical stimuli on the movements of, B. P. Bakkin 719.
 Amœbiasis cutis (abs.) 666.
 Amœbic dysentery in Canada, J. E. Bates 1012.
 Anæmia and pneumonia in infants, treatment by blood transfusion (abs.) 551.
 " bone marrow and spleen in the treatment of (abs.) 215.
 " pernicious; etiological considerations, B. S. Cornell 26.
 " treatment of, by administration of spleen and red bone-marrow extract (abs.) 215.
 " value of iron in (edit.) 1155, (abs.) 1272.
 Anæmias, secondary, comparative value of blood transfusion and blood tonics in (abs.) 662.
 Anæsthesia, general, ascending respiratory paralysis under (abs.) 433.
 " hazard of surgical, with syphilis of the brain (abs.) 434.
 " immediate cause of the acidosis of (edit.) 86.
 " local, a step forward (edit.) 1253.
 " methods of, preoperative and postoperative care in gastric surgery (abs.) 665.
 " and the newer anaesthetics (edit.) 736.
 " observations upon spinal (abs.) 666.
 " rectal in obstetrics, J. D. Graham 935.
 " resuscitation after syncope due to (abs.) 750.
 " spinal (abs.) 433.
 " spinal, blood pressure maintenance in (abs.) 219.
 " in tonsillectomy, plea for the more general use of local (abs.) 1274.
 Anatomy act, passing of the (men and books) R. T. McGibbon 208; (corres.) 542.
 " appreciation of, J. C. B. Grant 1195.
 " morbid, of rheumatic fever, S. Meltzer 705.
 Andreas Vesalius, iconography of (edit.) 656.
 Angina pectoris, familial tendency in (case report) E. S. Mills 1052.
 Anthrax in man, unusual case of, H. Mackay and R. Moreton 634.
 Aorta, syphilis of the, with intestinal and parenchymatous neurosyphilis (abs.) 325.
 Aortic, syphilitic insufficiency (abs.) 216.
 Apices of the lungs, reasons for the frequent occurrence of tuberculosis at the (abs.) 95.
 Apparatus, new blood transfusion, D. McLellan 866.
 Appendectomy, hernia following (abs.) 99.

- Appendicitis, acute, in the infant (abs.) 326.
 " acute suppurative, W. A. Lincoln 1229.
 " etiology of acute (abs.) 1274.
 Arterial disease and renal incompetence, O. Klotz 347.
 " hypertension, influence of the liver on (edit.) 733.
 " hypertension, recent observations on (med. soc.) 554.
 " hypotension (abs.) 661.
 " hypertension, calcium and potassium chlorides, in the treatment of, W. L. T. Addison and H. G. Clark 913.
 Artery, midcolic, carcinoma of the transverse colon with partial destruction of the bowel wall and perforation of a branch of the (case report) J. O. Fraser 183.
 Arthritides, infectious, A. Mackenzie Forbes 931.
 Arthritis, rheumatoid, Sir Humphrey Rolleston 889.
 Aspirator (abs.) 755.
 Association notes—See page x.
 Atelectasis of the lung, H. A. Farris 808.
 Autotransfusion, L. H. Appleby 36.

B

- Backache, H. S. Sharpe 1131.
 " lumbo-sacral (abs.) 429.
 " and sciatica of bone and joint origin (retrosp.) J. A. Nutter 1055.
 Bacillus typhosus in oysters, viability of (edit.) 952.
 Bacterial inflammatory processes, incidence of, in cardiovascular defects and on malformed semilunar cusps (abs.) 1271.
 Basal metabolic determination in 250 Winnipeg school children, A. T. Cameron 1022.
 " metabolism, lowered, in postinfectious stages and in diseases characterized by slow pulse rate (abs.) 1164.
 Bipp, osteomyelitis, its treatment with special reference to the use of, A. P. MacKinnon 1222.
 Biliary disease as seen in general practice, F. N. G. Starr 922.
 Biochemistry of honey (edit.) 204.
 Birth control (edit.) 1065.
 Bismuth in syphilis, F. Green 163.
 Bladder injury during hernia operations (abs.) 99.
 " neck obstructions, D. N. Eisendrath 1037.
 " neoplasms with a brief series, D. W. Mackenzie 926.
 " primary sarcoma of, E. C. Smith 628.
 Blood pressure, basal, J. D. Adamson 1112.
 " control of, with liver extracts, A. A. James and M. B. Laughton 701.
 " high, R. D. Rudolf 1093.
 " low systolic, A. V. Greaves 174.
 " maintenance in spinal anaesthesia (abs.) 219.
 " reducing properties, extractives of liver possessing, W. J. Macdonald 697.
 " samples for chemical analysis, preservation of, A. T. Cameron 393.
 " smears, value of, in the diagnosis of pertussis (abs.) 99.
 " stream infection treated with mercurochrome 220 intravenously (abs.) 433.
 " transfusion (abs.) 1070.
 " apparatus, new, D. McLellan 866.

- Blood Transfusion and blood tonics, comparative value of, in secondary anæmias (abs.) 662.
- " " work seen in the Hospital for Sick Children, Toronto (abs.) 428.
- " volume and composition in œdema (edit.) 851.
- Bone marrow and spleen extract, effect of, on the blood picture in pulmonary tuberculosis (abs.) 1273.
- " " " " in the treatment of anæmia (abs.) 215.
- Bones, method of treatment in fractures of the long (abs.) 432.
- Book reviews—See page x.
- Bovine and human tuberculosis, relation of (med. soc.) 435.
- Bowel, tumours of the large, A. Primrose 897.
- Brain, hazard of surgical anæsthesia with syphilis of the, (abs.) 434.
- " recent and old hæmorrhages of the (case report) R. G. Douglas 638.
- " tumours, psychic manifestation in (abs.) 961.
- Bromide and iodide eruptions, recent researches on, J. F. Burgess 178.
- Bronchial asthma, E. H. Chant 1240.
- " movements, x-ray studies on and a note on the elastic membrane of the bronchial tree of mammals (abs.) 963.
- Bronchitis, ulcerative, due to Vincent's organisms (abs.) 662.
- C
- Cæcum, carcinoma of (case report) A. J. Grant 182.
- " mucous cyst of (congenital); primary intussusception; general considerations, A. T. Bazin 130.
- " tuberculoma of (abs.) 748.
- Calcium content of blood of normal and tuberculous subjects (abs.) 961.
- Caloric basis of the milk mixtures used in infants' feeding, comparison and interpretation on (abs.) 1276.
- Cancer in Canada (edit.) 957.
- " cause of (edit) 954.
- " of the colon, H. W. Carson 990.
- " of the larynx, A. A. Campbell 939.
- " of the lower lip, W. H. McGuffin 1046.
- " pharyngeal, diathermy in the removal and treatment of (abs.) 432.
- " problem of the possible induction of immunity in (edit) 1154.
- " prophylaxis, W. W. Chipman 467.
- " surgical treatment of (abs.) 431.
- " of rectum and recto-sigmoid (abs.) 860.
- Carcinoma of the body of the uterus (abs.) 1072.
- " of cæcum (case report) A. J. Grant 182.
- " primary, of the duodenum (abs.) 1072.
- " " of the lung, x-ray findings in, H. M. Tovell 485.
- " " of the lungs (abs.) 427.
- " and sarcoma of the œsophagus (abs.) 857.
- " of the thyroid with metastases (case report) F. W. Luney 1249.
- " " transverse colon with partial destruction of the bowel wall and perforation of a branch of the midcolic artery (case report) J. O. Fraser 183.
- Cardiac irregularities, quinidine sulphate in, R. A. Jamieson 782.
- Cardio-vascular defects and semilunar cusps, incidence of bacterial inflammatory processes in (abs.) 1271.
- Cerebral fat embolism, report of a case with recovery (abs.) 665.
- Cerebrospinal fluid, colloidal gold reaction of the, F. Green 1139.
- Chemical analysis, preservation of blood samples for, A. T. Cameron 393.
- " stimuli, influence of natural, on the movements of the alimentary canal, B. P. Babkin 719.
- Chest radiography, standards in, P. M. Andrus 836.
- Child with glandular family history, thymic death in (case report) W. A. McIntosh 839.
- Child tuberculosis in; preventive rôle of the open air school, J. H. Elliott 796.
- Children, acute serous encephalitis, a newly recognized disease of (abs.) 428.
- " cervical ribs in (abs.) 428.
- " deficiency diseases of, F. F. Tisdall 904.
- " Locke on the upbringing of (edit.) 655.
- " medical examination of school, R. G. Ferguson 397.
- " prevention and after care of acquired heart disease in, H. P. Wright 55.
- " (school), tuberculosis survey of, in Alberta, 1924, A. H. Baker 816.
- " treatment of pneumonias in, with the blood and serum of chickens (abs.) 663.
- " tuberculosis in (retrosp.) R. R. Struthers 525.
- Chlorides, calcium and potassium, in the treatment of arterial hypertension, W. L. T. Addison and H. G. Clark 913.
- Chloroform anæsthesia (abs.) 1169.
- " use of, and the misuse of ether (abs.) 100.
- Cirrhosis of the liver in a child fourteen months of age, O. J. Day 370.
- Cisternal injection of mercury, arrest of luetic optic atrophy by, N. Viner and S. O. McMurtry 910.
- Classification of medical schools, J. C. Connell 297.
- Cocaine addiction (edit.) 658.
- Codein, release of, from the list of scheduled narcotics (corres.) 426.
- Colitis, ulcerative, T. G. Hamilton 1125.
- Colles' fracture, A. Gibson 479.
- Colloidal copper injections in malignant disease (edit.) 203.
- " gold reaction of the cerebrospinal fluid, F. Green 1139.
- Colon, cancer of, H. W. Carson 990.
- " carcinoma of the transverse, with partial destruction of the bowel wall and perforation of a branch of the midcolic artery (case report) J. O. Fraser 183.
- " diverticulitis of the (abs.) 549.
- " polyposis of (abs.) 749.
- Compensation laws, harmonizing workmen's under (edit.) 206.
- Conjunctiva, bacterial phagocytosis by the epithelial cells of, S. H. McKee 703.
- Correspondence—See page xi.
- Cough, etiology of, J. S. Pritchard 1145.
- Cows' milk protein, extreme sensitization in infants to, F. F. Tisdall and I. R. Erb 497.
- " " sweet, artificial feeding of normal infants with (retrosp.) R. R. Struthers 528.
- Craniotabes and bowing of the legs, significance of (abs.) 428.
- " and rickets, clinical observations on (abs.) 750.
- Creeping myiasis in Saskatchewan (case report) S. H. Corrigan and C. E. Corrigan 403.
- Cretenism, desirability of an early diagnosis in the treatment of (edit.) 1157.
- Cyanosis, enlarged thymus as a cause of, in newborn infants (abs.) 663.
- Cyst, mucous of cæcum (congenital); primary intussusception; general considerations, A. T. Bazin 130.
- Cysts of the spleen (abs.) 962.
- D
- Dementia præcox, aseptic meningitis in the treatment of (abs.) 1071.
- Dental surgeon, importance of, in medicine, and the value of radiography in dental practice, B. R. Mooney 1245.
- Dermatitis factitia (case report) G. G. Campbell 180.
- Dermoid cyst, intracranial (case report) J. M. McEachern 942.
- Diabetes insipidus, E. S. Mills 395.
- " mellitus, dihydroxyacetone in the treatment of, I. M. Rabinowitch 374.
- " with tuberculosis (case report) J. H. Mullin 61.

INDEX

v

- Diabetic coma treated with dioxycetone, with recovery (case report) I. M. Rabinowitch 520.
 " simplicity in the management of the, I. M. Rabinowitch 1106.
 " as a surgical risk, E. H. Mason 601.
 Diathermy in the removal and treatment of pharyngeal cancer (abs.) 432.
 Diazo-colour-reaction in the differential diagnosis of uræmia, I. M. Rabinowitch 725.
 Diet infant's, pigment and iron in the (abs.) 217.
 Digitalis, visual disturbances induced by (edit.) 1259.
 Dihydroxyacetone (edit.) 1161.
 " in the treatment of diabetes mellitus, I. M. Rabinowitch 374.
 Dilatation, congenital, of the ureters, L. P. Lansdowne and W. Boyd 361.
 Dioxycetone (edit.) 412.
 " diabetic coma treated with (case report) I. M. Rabinowitch 520.
 Diphtheria and parotitis in a child, lobar pneumonia complicated by (case report) J. P. Boley 731.
 Disease incidence in Calcutta, pathological evidence bearing on: Part II. Tumours, innocent and malignant (abs.) 747.
 Disease, the unexpected in (edit.) 1256.
 Diverticulitis of the colon (abs.) 549.
 Dreyer's tubercle antigen (abs.) 1070.
 Drug addiction in the States (edit.) 660.
 Drugs, purity and potency of, V. E. Henderson 300.
 Duodenal ulcer (case report) G. W. A. Aitken 640.
 Duodenum, primary carcinoma of (abs.) 1072.
 " and stomach, multiple ulcers of the, with diverticulum of the duodenum (case report) R. A. H. MacKeen 407.
 Dyspnoea, cause of, J. Meakins 2.
 Dystrophy, muscular (case report) P. C. Leslie 71.

E

- Editorials—See page xi.
 Education, medical, J. J. R. Macleod 304.
 " medical, C. F. Martin 308.
 " post-graduate medical in Canada, G. S. Young 312.
 " story of medical, in London schools (retrosp.) 192.
 Embolism, post-operative pulmonary (abs.) 430.
 Encephalitis acute serous, a newly recognized disease of children (abs.) 428.
 " lethargica (edit.) 200.
 Endocarditis, prognosis of chronic infectious, (abs.) 747.
 Endoscopy, uterine (abs.) 1168.
 Enzymes, value of digestive, in therapeutics (edit.) 1259.
 Ephedrine—a new (?) sympathomimetic drug (edit.) 1158.
 Epidermolysis bullosa (case report) C. R. Bourne 404.
 Epilepsy, recent thoughts on (retrosp.) A. G. Morphy 190.
 Epiphora and catarrhal affections of the nose, G. H. Burnham 1143.
 Epithelioma, primary papillary, of the ureter, H. D. Morse 902.
 Eruptions, iodide and bromide, recent researches on, J. F. Burgess 178.
 Erythema nodosum, W. T. Connell 785.
 Ether, disposition of, in the body (edit.) 84.
 Ethylene oxygen anaesthesia for gynaecology and obstetrical work (abs.) 98.
 " propylene, acetylene (abs.) 860.
 Examination, medical, of school children, R. G. Ferguson 397.
 Eye, a plea for the use of combined treatment in affections other than those of the, G. H. Burnham 623.

F

- Fatigue, importance of rest and posture in (edit.) 416.
 " industrial (edit.) 737.
 Fibromata, multiple; one fibromata enlarging into the stomach (case report) E. Shouldice 66.
 Fibromyomata of the uterus, degeneration of (abs.) 1166.

- Flexion at the hip, post-operative treatment of, A. MacKenzie Forbes 730.
 Fly, larvæ of, in tympanum (case report) M. L. Jewett 1053.
 Fœtus, general œdema of (case report) W. E. Tew 188.
 Fracture, Colles', A. Gibson 479.
 Fractures, S. B. MacMillan 1226.
 " of the long bones, method of treatment in (abs.) 432.
 Free clinics (corres.) 92.

G

- Gall bladder radiography, comparison of sodium tetrabromphenolphthalein with tetraiodophenolphthalein in (abs.) 431.
 Gall stones and diseases of the gall bladder (abs.) 859.
 Gangrene of the lower extremities complicating scarlet fever (case report) G. E. Learmonth 69.
 Gastric acidity and the hydrogen concentration of the urine, relation between, with a study of the effect of histamine, F. D. Ackman 1099.
 " and duodenal ulcers, management of, R. R. Graham 589.
 " surgery, preoperative and postoperative care, and methods of anaesthesia in (abs.) 665.
 " tetany (abs.) 858.
 Gastro-enteroptosis in children and its relation to recurrent vomiting (abs.) 217.
 " enterostomy, sequelæ of (abs.) 1167.
 " intestinal x-ray reports, W. M. Carriek 45.
 " jejunal ulcers, frequency of (abs.) 326.
 Glacier lassitude (edit.) 952.
 Glandular fever, epidemic of, in a preparatory school for boys (abs.) 663.
 Goitre from the medical standpoint, J. Phillips 605.
 " problem, F. H. Lahey 1026.
 " among school children in Manitoba, T. G. Hamilton 1017.
 " simple, prevention of (abs.) 1070.
 " surgical management of, R. V. B. Shier 611.
 " use of iodine in (abs.) 1273.
 Gold treatment of tuberculosis again (edit.) 741.
 Goundou (abs.) 857.
 Gynaecology and obstetrical work, ethylene oxygen anaesthesia for (abs.) 98.
 " " obstetrics, milk injections in (abs.) 98.

H

- Hæmaturia (abs.) 1274.
 Hæmophilia (abs.) 856.
 Hæmorrhage, cerebral, death due to; purpura hæmorrhagica (case report) F. D. Ackman 186.
 " fatal, from a duodenal ulcer, associated with a toxic adenoma of the thyroid gland (case report) P. G. Silver 517.
 Hæmorrhages of the brain, recent and old (case report) R. G. Douglas 638.
 Hallux valgus and rigidus (abs.) 218.
 Hand, infections of, G. E. Wilson 715.
 Headache, surgical, A. R. Campbell and C. K. Fuller 144.
 Health of the employee, disadvantages of the workmen's compensation act which lead the employer to be less interested in, W. L. T. Addison 728.
 " organization of the League of Nations, work of (edit.) 1153.
 " service, value of industrial (edit.) 82.
 " units in outlying districts (edit.) 1059.
 " week in Lambton county, Department of Public Health, Ontario 621.
 Heart disease in children, prevention and after care of acquired, H. P. Wright 55.
 " " output of the heart per beat in (abs.) 1164.
 " " and its prevention (edit.) 87.
 Heart failure, chronic, treatment of, R. D. Rudolf 17.
 " " use of urea as a diuretic in advanced (abs.) 1271.
 " intracardiac injection in, arrest of the (abs.) 551.

- Hepatic efficiency tests, present status of, E. M. Watson 593.
- Hernia following appendectomy (abs.) 99.
- " internal, of purely pathological origin (case report) W. L. Barlow and J. O. Fraser 518.
- " operations, bladder injury during (abs.) 99.
- Hexyl-resorcinol, sensitive test for, in body fluids, D. C. Elliott and H. G. Barbour 787.
- Hip, post-operative treatment of flexion at, A. Mackenzie Forbes 730.
- Histamine, relation between gastric acidity and the hydrogen concentration of the urine with a study of the effect of, F. D. Ackman 1099.
- Historical sketch of the Dalhousie medical school (men and books) W. H. Hattie 539.
- History and founders of the first medical school in Canada, with some personal reminiscences (men and books) F. J. Shepherd 418.
- Honey, biochemistry of (edit.) 204.
- Hormone of oestrus, W. Bourne 171.
- Huxley's centenary (men and books) 745.
- Hydrogen concentration of the urine and gastric acidity, relation between, with a study of the effect of histamine, F. D. Ackman 1099.
- Hydro-ureter and hydronephrosis secondary to prolapse and cystocele (abs.) 97.
- Hygiene, industrial, in Moscow (abs.) 754.
- Hygiene, social, and public health (abs.) 860.
- Hyoscin hydrobromide, treatment of post-encephalitic Parkinson syndrome with (abs.) 95.
- Hypernephroma associated with thyroid hyperactivity, J. Kaufmann and M. F. Cashin 37.
- Hypertelorism with remarks upon anomalies in general (edit.) 80.
- Hypertension, problems in (abs.) 96.
- Hypodermic vaccination (edit.) 846.
- I
- Icteric pigmentation, unusual distribution of (case report) J. Meakins 402.
- Icterus in the blood of infants, Van Den Bergh test for (abs.) 1073.
- " gravis, familial, of the new-born, A. P. Hart 1008.
- Idiocy, amaurotic family, in an infant of non-semitic parentage, T. A. Lebbetter 367.
- Immunology, theories and hypotheses in (edit.) 733.
